

# Child Safe Culture Policy

## Easy Read

### Rules

When you read the words 'we' or 'our' it means **Carers Tas** and **Care2Serve**.

This is our **Child Safe Culture Policy**. It is a set of rules for our staff.

Our **staff** include our workers, volunteers, management and Directors.

## Our promise to child safety and wellbeing

We promise to keep children and young people safe, respect them and listen to them.

We will follow the 10 National Principles to keep children safe.

**To help keep children and young people safe, we:**

put someone in charge of child and youth safety.

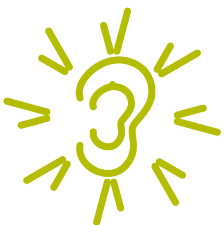

make sure we do the right checks when we hire someone new.

make sure all our staff learn about how to keep children and young people safe.

make sure our staff read and follow our rules about child safety.

ask questions and listen to children and young people, so they can tell us what they want from us.

make sure we always follow the law and our rules.

## Breaking the rules

### Rules

We teach all our staff about the rules. If we do not teach staff properly, we can get in trouble.

If our staff do not stick to the rules they can be told off, moved to a different job, or they might have to stop their job.

You can complain if we do not follow the rules.
